LIMITATION OF COST OR LIMITATION OF FUNDS LANGUAGE

The clause entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF FUNDS" (FAR 52.232-22), as appropriate, shall apply separately and independently to each separately identified estimated cost.

TRAVEL COSTS - ALTERNATE I (NAVSEA) (NOV 1996)

- (a) Except as otherwise provided herein, the Contractor shall be reimbursed for its reasonable actual travel costs in accordance with FAR 31.205-46. The costs to be reimbursed shall be those costs accepted by the cognizant DCAA.
- (b) Reimbursable travel costs include only that travel performed from the Contractor's facility to the worksite, in and around the worksite, and from the worksite to the Contractor's facility.
- (c) The Contractor shall not be reimbursed for:
 - (i) relocation costs and travel costs incident to relocation as defined in FAR 31.205-35; and/or
 - (ii) the following daily local travel costs:
 - travel at U.S. Military Installation where Government transportation is available,
 - travel performed for personal conveniene/errands, including commuting to and from work, and
 - travel costs incurred in the replacement of personnel when such replacement is accomplished for the Contractor's or employee's convenience.

SECTION C - DESCRIPTION/SPECIFICATIONS/WORK STATEMENT

SERVICE FOR VOICE RADIO/COMMUNICATIONS EQUIPMENT

1.0 **GENERAL**

1.1 Introduction

The Indian Head Division Naval Surface Warfare Center (IHDIV NSWC), Indian Head MD, requires contractor technical services to provide preventive maintenance (PM), inspection, repair, removals and installations, emergency service, repair parts, and batteries for the existing voice radio/communications/pager equipment located at the Indian Head Division Naval Surface Warfare Center (IHDIV NSWC), Indian Head MD, the Naval School Explosive Disposal, Indian Head, MD., Explosives Ordnance Disposal Technology Division (EODTC), Stump Neck, MD, and the Naval Ordnance Command.

IHD/NSWC requires contractor support to meet these requirements since the demand for specific technical support exceeds the capability of the IHD/NSWC staff to provide the required services.

1.2 Scope

Required support shall be provided in accordance with specific individual Delivery Orders (DO's), this Statement of Work and the contract.

2.0 APPLICABLE DOCUMENTS

All Military and Federal standards shall be used as a guide only.

Contractor's Progress Status and Management Report DI-MGMT-80227 DI-MISC-80508 Technical Report-Study/Services

3.0 REOUIREMENTS

The contractor shall provide technical services and products to include personnel, material, services, and facilities to perform the tasks described herein, as specified in individual delivery orders.

This contract will not cover telephone systems or lines.

3.1 On-Site Facility

The contractor shall provide a trailer to serve as his "on site facility" and shall be dedicated for the duration of the contract. It shall provide storage of spare radios, test and repair equipment and for the performance of service and repairs, and repair parts stock, as required. An open air (i.e. not enclosed) vehicle work area of 125 sq.ft. will be identified next to the IHDIV/NSWC designated site for the Contractor's trailer.

NSWC will provide electric power as necessary to heat, light, air condition and operate the "on-site facility". Temporary shelving will be furnished for storage of the Government Furnished Equipment (GFE). IHDIV NSWC will not provide water or sewage hookups. The contractor shall remove the trailer within 30 days after expiration or termination of the contract.

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED N00174-00-R-0019	PAGE 9	OF	75	

3.2 Preventive Maintenance/Inspection

3.2.1 Preventive Maintenance/Inspection (PMI) is a precautionary measure taken on systems or equipment to prevent failures. A PMI shall be performed on all existing equipment and communications/pager systems identified in the inventory list, enclosure (Attachment (1)). The contractor shall schedule PMI for all communications equipment and paging systems through the COR. All equipment will be PM inspected annually with the exception of fire and emergency radio systems which is required to be inspected semi-annually. PMI shall include testing of the radios for all criteria listed on Attachment (2). Attachment (2) shall be completed by the contractor for each radio and its associated equipment (i.e., antenna, speaker, cabling, proper installation, etc.). All equipment shall be checked for proper installation and operation. Any discrepancies shall be noted on Attachment (2). The contractor shall provide a copy of Attachment (2) to the COR at the end of a working day for each radio or system that the PM/Inspection was performed. If any radio or associated equipment has a discrepancy, it shall be noted on Attachment (2) and submitted separately. The COR will schedule this equipment for repair as required. Attachment (2) will be legibly printed and signed by the technician who performed the PM/inspection.

As new equipment becomes included into the inventory the contractor shall be required to schedule it for PM/inspection within a reasonable amount of time. The contractor will be advised of such new equipment by the Contracting Officer or his/her designated representative (COR) who will be responsible for keeping the inventory list (Attachment (1)) current.

3.3 Repair

- 3.3.1 Repair services includes repair of all Voice Radios/Communication and Pager systems, the intrinsically safe Motorola Director II pagers, and Page bridge identified in Attachment (1) and located at the sites identified above. Items in need of repair have been identified either through PM where a malfunction was detected and Attachment (2) was completed, or by the operator who reports the item in disrepair to the COR, Attachment (2).
- 3.3.2 In addition to other labor and materials that may be required, the contractor shall schedule the necessary qualified service technician(s) to be on-site at NSWC, Indian Head, MD Tuesday and Thursday, 8:00 AM to 12:00 PM (eight hours/week minimum, up to 16 hours/week maximum) to perform scheduled repair of equipment/systems. The contractor shall submit a work schedule to perform scheduled repairs to the COR for approval. Once a schedule has been established, it shall not be changed without prior approval of the COR . All repairs shall be performed at NSWC, Indian Head, MD where possible.
- 3.3.3 If repairs must be performed off site, then repairs shall be performed on a case by case basis after approval by the COR. Off site repairs require prior approval by the issuance of a property pass, which can be obtained from the COR. Scheduling off-site repairs shall not conflict with the established on-site schedule of the service technician(s).
- 3.3.4 At regular intervals, the COR will present to the contractor a schedule of equipment to be repaired. All repair work must have prior approval from the COR. The COR shall assign priorities for repairs. All repairs will be dispositioned by the COR as either "routine" or "immediate" and shall be so indicated on Attachment (2). All immediate repairs will be performed first as they are assigned. At no time shall anyone assign repair work other than the COR. The COR shall be responsible for prioritizing work that may become backlogged. All immediate and routine repairs will be assigned and tagged in the order they shall be repaired. Spare radios and equipment may be substituted for equipment in need of repair. Substitutions of equipment shall be approved by the COR and shall be documented using Attachment (2). The contractor shall be responsible for issuing substitute equipment and for maintaining records of substituted equipment. At the end of each scheduled work day, copies of Attachment (2) for repair or substitutions shall be reviewed for completion and submitted to the COR.

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED	PAGE			
	N00174-00-R-0019	10	OF	75	

- 3.3.5 All parts required to make repairs to equipment/systems shall be provided by the contractor under CLIN 0002, Parts and Materials.
- 3.3.6 The contractor shall provide his own test/repair equipment for the troubleshooting and programming of all malfunctioning equipment as recommended by the original equipment manufacturers (OEM) of the radios and equipment.
- 3.3.7 The contractor shall have a valid FCC license and shall agree to comply with all applicable federal, state and local laws, rules, regulations and ordinances. All service shall comply with the OEM's specifications and be accomplished in a timely and professional manner. The contractor shall train the technicians for inspecting and repairing equipment that may be unique to the sites, such as data encryption, intrinsically safe or synthesized frequencies in radios. The contractor shall maintain a log of time spent on individual repairs in accordance with CDRL A002, Technical Report, Studies/Services.
- 3.4 Installations, Removal and Batteries
- 3.4.1 Installation, removals and replacement of batteries, used as the primary essential power source (as in portable radios and pagers), are covered in this section as described herein.
- 3.4.2 Installation shall include the proper placement of complete mobile systems, including antenna, cabling, speaker, and radios for both new systems and systems that have been removed from other vehicles. Installation shall also include the proper placement of light bars, sirens, and/or power amplifiers, where required. The contractor shall furnish all additional parts and supplies, such as mounting bolts, fixtures and brackets, not included with existing or new systems, necessary to assure proper installation. Components required to perform the installation shall be covered under CLIN 0002 Parts and Material as described in paragraph 3.6. The contractor will be contacted by the COR in writing when an installation is required. The contractor will schedule the work and the installation is to be completed within 1 week of notification.
- 3.4.3 Removals shall be of complete mobile systems, including all auxiliary equipment essential to that systems operation, such as antennas, cabling, speakers and mounting hardware. The removals shall be done in such a manner that the radio and auxiliary equipment is not damaged and can be reused wherever possible. This shall include the removal of light bars, sirens, and/or amplifiers when applicable. The contractor will be contacted in writing when a removal is required. The contractor will schedule the work and the removal is to be completed within 1 week of notification.
- 3.4.4 Batteries covered by this contract include only those necessary as a primary or optional power source essential to the operation of a specific unit. Replacement of rejected batteries is required within one week after notification.
- 3.4.5 The contractor shall complete Attachment (2) for each installation, removal and battery replacement. These forms shall be submitted to the COR at the end of each workday when applicable. The COR will notify the contractor when there is a need for installations or removal.
- 3.4.6 Disposal of batteries must be in accordance with federal, state and local environmental regulations.
- 3.5 Emergency Service
- 3.5.1 Emergency services are defined as those services required to repair essential radio communications equipment and shall only apply to the Indian Head Division, Naval Surface Warfare Center Fire Department, Security Department, Public Works Department and the Paging System Base Stations. Emergency service requirements will be determined by the COR. The COR will notify the contractor when emergency services are needed.

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED N00174-00-R-0019	PAGE 11	OF	75	

- 3.5.2 Emergency response shall be within three (3) hours from the time the COR submits the emergency repair to the contractor. The contractor shall provide a 24 hour point of contact for emergency service. The emergency service call shall not be complete until the contractor either repairs or offers an acceptable solution to the problem.
- 3.6 Parts and Materials
- 3.6.1 The contractor shall purchase and provide all parts needed to repair all equipment listed in Attachment (1) and any additional equipment that is added during the contract year. All parts used shall be itemized on invoices for parts that correspond to the mal-functioned equipment in which the parts were installed. The contractor may, at his/her discretion, purchase parts as needed for stock parts or repairs. However, it is the contractor's responsibility to provide parts to repair the radios and equipment as required/directed by the contract. Repair parts not already in stock shall be available within 5 days of request.
- 3.6.2 The pricing of the parts shall be fair and reasonable, and where applicable, the contractor may purchase against GSA Schedules as authorized by the Contracting Officer. All prices are subject to review and comparison to market pricing.
- 3.6.3 At the end of the contract or if the contract is terminated, all radios and parts inventory shall be surrendered to the Government
- 4.0 GOVERNMENT FURNISHED PROPERTY/MATERIAL

Upon contract award, the Government shall furnish an updated list (External Attachment (1A)) of Government property currently existing in inventory. The contractor shall have access to the property as is necessary to execute the tasks specified herein. Upon completion of the contract all government property shall be returned to the Government.

- 5.0 DATA AND REPORTS
- 5.1 Flash reports, using either External Attachment (2A) or a contractor formatted report with the same information, shall be generated and submitted as work is performed as stated herein (paragraph 3.1 3.6,). This form shall be legibly printed and signed by the field technician performing the work as required by CDRL A001, Technical Reports-Studies/Services.
- 5.2 Program Progress Reports shall be submitted monthly to the government to provide a summary of all work performed on the contract for the month. This report shall be contractor formatted. The report will be used to monitor and evaluate progress of the contractor and to identify and potential programs. Monthly reports shall be submitted in accordance with CDRL A002, Contractor's Progress Status and Management Report.
- 5.3 Report of Supplies used shall be submitted quarterly listing all supplies used in the quarter. The contractor and the Contracting Officer shall mutually agree upon the format of this report. This report shall be in accordance with paragraph 3.1 of this SOW in accordance with CDRL A003, Technical Report-Study/Service.

SECTION H - SPECIAL CONTRACT REQUIREMENTS

NOTICE OF INCORPORATION OF SECTIONS K, L, AND M (IHD/NSWC)

The following sections of the solicitation will not be distributed with the contract; however, they are incorporated in and form a part of the resultant contract as though furnished in full text therewith:

SECTION TITLE

K Representations, Certifications and Other Statements of Offerors (Bidders)

L Instructions, Conditions, and Notices to Offerors (Bidders)

M Evaluation Factors for Award

CONTRACTING OFFICER'S REPRESENTATIVE (COR) (IHD/NSWC)

(a) The COR for this contract is:

Name: Mr. Joe McClure

Mailing Address: NSWC Indian Head Division

Attn: Code 655M 101 Strauss Avenue

Indian Head, MD 20640-5035

Code: 655M Telephone No.: 301-744-4688, ext 276

(b) The Alternate COR for this contract is:

Name: Maria Gonzalez

Mailing Address: NSWC Indian Head Division

Attn: Code 655N 101 Strauss Avenue

Indian Head, MD 20640-5035

Code: 655N Telephone No.: 301-744-4688, ext 295

(c) The COR will act as the Contracting Officer's representative for technical matters, providing technical direction and discussion, as necessary, with respect to the specification or statement of work, and monitoring the progress and quality of contractor performance. The COR is not an Administrative Contracting Officer and does not have authority to direct the accomplishment of effort which is beyond the scope of the statement of work in the contract (or delivery order).

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED	PAGE			
	N00174-00-R-0019	21	OF	75	

- (d) When, in the opinion of the contractor, the COR requests effort outside the existing scope of the contract (or delivery order), the contractor shall promptly notify the contracting officer (or ordering officer) in writing. No action shall be taken by the contractor under such direction until the contracting officer has issued a modification to the contract (or in the case of a delivery order, until the ordering officer has issued a modification to the delivery order); or until the issue has been otherwise resolved.
- (e) In the event that the COR named above is absent due to leave, illness or official business, all responsibility and functions assigned to the COR will be the responsibility of the alternate COR.

GOVERNMENT-FURNISHED PROPERTY (FEB 1997) (NSWCIHD)

- (a) The Government will furnish the following property to the Contractor for use in performance of this contract in accordance with the following schedule:
- *See Section J for Government Property List.
- (b) The property will be delivered at the Governments expense at or near (The contractor is to insert the address, city or town and state in which the plant is located; and if rail transportation is specified in paragraph (a) above, the exact location of private siding or public team tract at which rail shipments will be received, as well as the name of the railroad(s)):
- (c) Only the property listed above in the quantity shown will be furnished by the Government. All other property required for performance of this contract shall be furnished by the contractor.
- (d) Within 30 days after Government furnished property is determined by the contractor to be lost, damaged, destroyed, no longer usable, or no longer needed for the performance of the contract, the Contractor shall notify the Contracting Officer, in writing, thereof.

As used throughout this contract, the following terms shall have the meanings set forth below:

- (a) DEPARTMENT means the Department of the Navy.
- (b) REFERENCES TO THE FEDERAL ACQUISITION REGULATION (FAR) All references to the FAR in this contract shall be deemed to also reference the appropriate sections of the Defense FAR Supplement (DFARS), unless clearly indicated otherwise.
- (c) REFERENCES TO ARMED SERVICES PROCUREMENT REGULATION OR DEFENSE ACQUISITION REGULATION All references in this document to either the Armed Services Procurement Regulation (ASPR) or the Defense Acquisition Regulation (DAR) shall be deemed to be references to the appropriate sections of the FAR/DFARS.
- (d) NATIONAL STOCK NUMBERS Whenever the term Federal Item Identification Number and its acronym FIIN or the term Federal Stock Number and its acronym FSN appear in the contract, order or their cited specifications and standards, the terms and acronyms shall be interpreted as National Item Identification Number (NIIN) and National Stock Number (NSN) respectively which shall be defined as follows:

	N00174-00-R-0019	22	OF	75	

- (1) National Item Identification Number (NIIN). The number assigned to each approved Item Identification under the Federal Cataloging Program. It consists of nine numeric characters, the first two of which are the National Codification Bureau (NCB) Code. The remaining positions consist of a seven digit non-significant number.
- (2) National Stock Number (NSN). The National Stock Number (NSN) for an item of supply consists of the applicable four position Federal Supply Class (FSC) plus the applicable nine position NIIN assigned to the item of supply.

NAVSEA 5252.245-9106 FACILITIES TO BE GOVERNMENT-FURNISHED (COST-REIMBURSEMENT) (SEP 1990)

- (a) (1) The estimated cost and fee, if any, and delivery schedule set forth in this contract contemplate the rentfree use of the facilities identified in paragraph (b) below and in paragraph (d) (applicable only for research and development contracts) if such paragraph (d) is added to this requirement. If the Government limits or terminates the Contractor's rent-free use of said facilities, and such action affects the ability of the Contractor to perform this contract in accordance with its terms and conditions, then an equitable adjustment in the estimated cost and fee, if any, or delivery schedule, or both, shall be made pursuant to the clause entitled "CHANGES--COST-REIMBURSEMENT" (FAR 52.243-2), provided, however, that if the limitation or termination is due to failure by the Contractor to perform its obligations under this contract, the Contractor shall be entitled only to such adjustment as the Contracting Officer determines as a fact to be appropriate under the circumstances.
- (2) For the purposes of this requirement, facilities means industrial property (other than material, special tooling, military property, and special test equipment) for production, maintenance, research, development, or test, including real property and rights therein, buildings, structures, improvements, and plant equipment as defined in FAR Part 45.
- (b) The Contractor is authorized to acquire or use the facilities described below upon the prior written approval of the cognizant Contract Administration Office, which shall determine that such facilities are required to carry out the work provided for by this contract. Immediately upon delivery of each item of approved facilities to the Contractor's plant, the Contractor shall notify the cognizant Contract Administration Office of the receipt of such facilities owned by the Government, which shall be made a part of the plant account assigned to the Contractor at that location.

DESCRIPTION AND IDENTITY OF FACILITIES

- (c) (1) In the event that the cumulative total acquisition costs (actual or estimated) of all facilities provided by the Naval Sea Systems Command to the Contractor at the same plant or general location (including the facilities to be furnished hereunder) does not exceed \$50,000, such facilities shall be provided to the Contractor as Government Property subject to and in accordancewith the clause entitled "GOVERNMENT PROPERTY (COST-REIM-BURSEMENT, TIME-AND-MATERIAL, OR LABOR-HOUR CONTRACTS) (FAR 52.245-5), unless there is in existence a facilities management contract at the same plant or general location.
- (2) In the event there is in existence a facilities management contract effective at the same plant or general location, the facilities provided hereunder shall be made subject to all the terms and conditions of the facilities management contract.

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED N00174-00-R-0019	PAGE 23	OF	75	

(d) In addition to those items of facilities identified in paragraph (b), above, the following items may be required for the complete performance of the work called for by this contract:

ADDITIONAL ITEMS OF FACILITIES

Accordingly, the right of the parties to agree upon such additional facilities during the term of performance of this contract is hereby expressly reserved. The aggregate total value of facilities provided shall in no case exceed \$50,000 at any one plant or general location.

NAVSEA 5252.237-9106 SUBSTITUTION OF PERSONNEL (SEP 1990)

- (a) The Contractor agrees that a partial basis for award of this contract is the list of key personnel proposed. Accordingly, the Contractor agrees to assign to this contract those key persons whose resumes were submitted with the proposal necessary to fulfill the requirements of the contract. No substitution shall be made without prior notification to and concurrence of the Contracting Officer in accordance with this requirement.
- (b) All proposed substitutes shall have qualifications equal to or higher than the qualifications of the person to be replaced. The Contracting Officer shall be notified in writing of any proposed substitution at least forty-five (45) days, or ninety (90) days if a security clearance is to be obtained, in advance of the proposed substitution. Such notification shall include: (1) an explanation of the circumstances necessitating the substitution; (2) a complete resume of the proposed substitute; and (3) any other information requested by the Contracting Officer to enable him/her to judge whether or not the Contractor is maintaining the same high quality of personnel that provided the partial basis for award.

52.222-26 Equal Opportunity. (FEB 1999)

- (a) If, during any 12-month period (including the 12 months preceding the award of this contract), the Contractor has been or is awarded nonexempt Federal contracts and/or subcontracts that have an aggregate value in excess of \$10,000, the Contractor shall comply with subparagraphs (b)(1) through (11) of this clause. Upon request, the Contractor shall provide information necessary to determine the applicability of this clause.
- (b) During performance of this contract, the Contractor agrees as follows:
- (1) The Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. However, it shall not be a violation of this clause for the Contractor to extend a publicly announced preference in employment to Indians living on or near an Indian reservation, in connection with employment opportunities on or near an Indian reservation, as permitted by 41 CFR 60-1.5.
- (2) The Contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. This shall include, but not be limited to -
- (i) Employment;
- (ii) Upgrading;
- (iii) Demotion;
- (iv) Transfer;
- (v) Recruitment or recruitment advertising;
- (vi) Layoff or termination;
- (vii) Rates of pay or other forms of compensation; and
- (viii) Selection for training, including apprenticeship.
- (3) The Contractor shall post in conspicuous places available to employees and applicants for employment the notices to be provided by the Contracting Officer that explain this clause.
- (4) The Contractor shall, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.
- (5) The Contractor shall send, to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, the notice to be provided by the Contracting Officer advising the labor union or workers' representative of the Contractor's commitments under this clause, and post copies of the notice in conspicuous places available to employees and applicants for employment.

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED N00174-00-R-0019	PAGE 27	OF	75	

- (6) The Contractor shall comply with Executive Order 11246, as amended, and the rules, regulations, and orders of the Secretary of Labor.
- (7) The Contractor shall furnish to the contracting agency all information required by Executive Order 11246, as amended, and by the rules, regulations, and orders of the Secretary of Labor. The Contractor shall also file Standard Form 100 (EEO-1), or any successor form, as prescribed in 41 CFR part 60-1. Unless the Contractor has filed within the 12 months preceding the date of contract award, the Contractor shall, within 30 days after contract award, apply to either the regional Office of Federal Contract Compliance Programs (OFCCP) or the local office of the Equal Employment Opportunity Commission for the necessary forms.
- (8) The Contractor shall permit access to its premises, during normal business hours, by the contracting agency or the OFCCP for the purpose of conducting on-site compliance evaluations and complaint investigations. The Contractor shall permit the Government to inspect and copy any books, accounts, records (including computerized records), and other material that may be relevant to the matter under investigation and pertinent to compliance with Executive Order 11246, as amended, and rules and regulations that implement the Executive Order.
- (9) If the OFCCP determines that the Contractor is not in compliance with this clause or any rule, regulation, or order of the Secretary of Labor, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts, under the procedures authorized in Executive Order 11246, as amended. In addition, sanctions may be imposed and remedies invoked against the Contractor as provided in Executive Order 11246, as amended; in the rules, regulations, and orders of the Secretary of Labor; or as otherwise provided by law.
- (10) The Contractor shall include the terms and conditions of subparagraphs (b)(1) through (11) of this clause in every subcontract or purchase order that is not exempted by the rules, regulations, or orders of the Secretary of Labor issued under Executive Order 11246, as amended, so that these terms and conditions will be binding upon each subcontractor or vendor.
- (11) The Contractor shall take such action with respect to any subcontract or purchase order as the contracting officer may direct as a means of enforcing these terms and conditions, including sanctions for noncompliance; provided, that if the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of any direction, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.
- (c) Notwithstanding any other clause in this contract, disputes relative to this clause will be governed by the procedures in 41 CFR 60-1.1.

52.244-6 Subcontracts for Commercial Items and Commercial Components. (OCT 1998)

(a) Definitions.

- (b) To the maximum extent practicable, the Contractor shall incorporate, and require its subcontractors at all tiers to incorporate, commercial items or nondevelopmental items as components of items to be supplied under this contract.
- (c) Notwithstanding any other clause of this contract, the Contractor is not required to include any FAR provision or clause, other than those listed below to the extent they are applicable and as may be required to establish the reasonableness of prices under Part 15, in a subcontract at any tier for commercial items or commercial components:
- (1) 52.222-26, Equal Opportunity (E.O. 11246);
- (2) 52.222-35, Affirmative Action for Disabled Veterans and Veterans of the Vietnam Era (38 U.S.C. 4212(a));
- (3) 52.222-36, Affirmative Action for Workers with Disabilities (29 U.S.C. 793); and
- (4) 52.247-64, Preference for Privately Owned U.S.-Flagged Commercial Vessels (46 U.S.C. 1241) (flow down not required for subcontracts awarded beginning May 1, 1996).

[&]quot;Commercial item," as used in this clause, has the meaning contained in the clause at 52.202-1, Definitions.

[&]quot;Subcontract," as used in this clause, includes a transfer of commercial items between divisions, subsidiaries, or affiliates of the Contractor or subcontractor at any tier.

252.247-7023 Transportation of Supplies by Sea. (NOV 1995)

- (a) Definitions. As used in this clause --
- (1) "Components" means articles, materials, and supplies incorporated directly into end products at any level of manufacture, fabrication, or assembly by the Contractor or any subcontractor.
- (2) "Department of Defense" (DoD) means the Army, Navy, Air Force, Marine Corps, and defense agencies.
- (3) "Foreign flag vessel" means any vessel that is not a U.S.-flag vessel.
- (4) "Ocean transportation" means any transportation aboard a ship, vessel, boat, barge, or ferry through international waters.
- (5) "Subcontractor" means a supplier, materialman, distributor, or vendor at any level below the prime contractor whose contractual obligation to perform results from, or is conditioned upon, award of the prime contract and who is performing any part of the work or other requirement of the prime contract. However, effective May 1, 1996, the term does not include a supplier, materialman, distributor, or vendor of commercial items or commercial components.
- (6) "Supplies" means all property, except land and interests in land, that is clearly identifiable for eventual use by or owned by the DoD at the time of transportation by sea.
- (i) An item is clearly identifiable for eventual use by the DoD if, for example, the contract documentation contains a reference to a DoD contract number or a military destination.
- (ii) "Supplies" includes (but is not limited to) public works; buildings and facilities; ships; floating equipment and vessels of every character, type, and description, with parts, subassemblies, accessories, and equipment; machine tools; material; equipment; stores of all kinds; end items; construction materials; and components of the foregoing.
- (7) "U.S.-flag vessel" means a vessel of the United States or belonging to the United States, including any vessel registered or having national status under the laws of the United States.
- (b) The Contractor shall employ U.S.-flag vessels in the transportation by sea of any supplies to be furnished in the performance of this contract. The Contractor and its subcontractors may request that the Contracting Officer authorize shipment in foreign-flag vessels, or designate available U.S.-flag vessels, if the Contractor or a subcontractor believes that --
- (1) U.S.-flag vessels are not available for timely shipment;
- (2) The freight charges are inordinately excessive or unreasonable; or
- (3) Freight charges are higher than charges to private persons for transportation of like goods.

^{**} Fringe Benefits Required For All Occupations Included In This Wage Determination **

HEALTH & WELFARE: \$1.63 an hour or \$65.20 a week or \$282.53 a month.

VACATION: Two weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years; 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractor in the performance of similar work at the same Federal facility. (Reg. 4.173)

HOLIDAYS: Minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

1/Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See 29 CFR 4.156)

2/APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.

3/WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employee (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$4.25 per week (or \$.85 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

** NOTES APPLYING TO THIS WAGE DETERMINATION **

Source of Occupational Titles and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Second Supplement, dated August 1995, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE

{Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in thewage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed. The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation) and computes a proposed rate).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title), a Federal grade equivalency (FGE) for each proposed classification), job description), and rationale for proposed wage rate), including information regarding the agreement or disagreement of the authorized representative of the

employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
 - 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees. Information required by the Regulations must be submitted on SF 1444 or bond paper. When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

- 52.204-6 Data Universal Numbering System (DUNS) Number. (JUN 1999)
- (a) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" followed by the DUNS number that identifies the offeror's name and address exactly as stated in the offer. The DUNS number is a nine-digit number assigned by Dun and Bradstreet Information Services.
- (b) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one. A DUNS number will be provided immediately by telephone at no charge to the offeror. For information on obtaining a DUNS number, the offeror, if located within the United States, should call Dun and Bradstreet at 1-800-333-0505. The offeror should be prepared to provide the following information:
- (1) Company name.
- (2) Company address.
- (3) Company telephone number.
- (4) Line of business.
- (5) Chief executive officer/key manager.
- (6) Date the company was started.
- (7) Number of people employed by the company.
- (8) Company affiliation.
- (c) Offerors located outside the United States may obtain the location and phone number of the local Dun and Bradstreet Information Services office from the Internet home page at http://www.customerservice@dnb.com/. If an offeror is unable to locate a local service center, it may send an e-mail to Dun and Bradstreet at globalinfo@mail.dnb.com.
- 52.209-5 Certification Regarding Debarment, Suspension, Proposed Debarment, and Other Responsibility Matters. (MAR 1996)

- (C) Are [] are not [] presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in subdivision (a)(1)(i)(B) of this provision.
- (ii) The Offeror has [] has not [], within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.
- (2) "Principals," for the purposes of this certification, means officers; directors; owners; partners; and, persons having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a subsidiary, division, or business segment, and similar positions).

This Certification Concerns a Matter Within the Jurisdiction of an Agency of the United States and the Making of a False, Fictitious, or Fraudulent Certification May Render the Maker Subject to Prosecution Under Section 1001, Title 18, United States Code.

- (b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.
- (d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

252.209-7001 Disclosure of Ownership or Control by the Government of a Terrorist Country. (MAR 1998)

(a) "Definitions."

As used in this provision --

- (a) "Government of a terrorist country" includes the state and the government of a terrorist country, as well as any political subdivision, agency, or instrumentality thereof.
- (2) "Terrorist country" means a country determined by the Secretary of State, under section 6(j)(1)(A) of the Export Administration Act of 1979 (50 U.S.C. App. 2405(j)(i)(A)), to be a country the government of which has repeatedly provided support for such acts of international terrorism. As of the date of this provision, terrorist countries include: Cuba, Iran, Iraq, Libya, North Korea, Sudan, and Syria.

- (3) "Significant interest" means --
- (i) Ownership of or beneficial interest in 5 percent or more of the firm's or subsidiary's securities. Beneficial interest includes holding 5 percent or more of any class of the firm's securities in "nominee shares," "street names," or some other method of holding securities that does not disclose the beneficial owner;
- (ii) Holding a management position in the firm, such as a director or officer;
- (iii) Ability to control or influence the election, appointment, or tenure of directors or officers in the firm;
- (iv) Ownership of 10 percent or more of the assets of a firm such as equipment, buildings, real estate, or other tangible assets of the firm; or
- (v) Holding 50 percent or more of the indebtness of a firm.
- (b) "Prohibition on award". In accordance with 10 U.S.C. 2327, no contract may be awarded to a firm or a subsidiary of a firm if the government of a terrorist country has a significant interest in the firm or subsidiary or, in the case of a subsidiary, the firm that owns the subsidiary, unless a waiver is granted by the Secretary of Defense.
- (c) "Disclosure."

If the government of a terrorist country has a significant interest in the Offeror or a subsidiary of the Offeror, the Offeror shall disclosure such interest in an attachment to its offer. If the Offeror is a subsidiary, it shall also disclose any significant interest the government of a terrorist country has in any firm that owns or controls the subsidiary. The disclosure shall include --

- (1) Identification of each government holding a significant interest; and
- (2) A description of the significant interest held by each government.

5252.211-9000 NOTICE TO OFFERORS - USE OF OZONE DEPLETINGSUBSTANCES (AUG 1993)

NOTICE TO OFFERORS--USE OF OZONE DEPLETING SUBSTANCES (AUG 93)

- (a) In accordance with section 326 of Pub L.102-484, the Department of Defense is prohibited from awarding any contract which includes a DoD-directed specification or standard that requires the use of a Class I ozone depleting substance (ODS) or that can be met only through the use of such a substance unless such use has been approved by a senior acquisition official (SAO). The SAO approval is based on a technical certification that no suitable substitute for the ODS is currently available.
- (b) To comply with this statute, the Navy has screened the specifications and standards associated with this solicitation. To the extent that ODS requirements were revealed by this review they are identified below:

Class I ODS Identified Specification/Standard

(c) If offerors possess knowledge about any other Class I ODS required directly or indirectly by the specification or standards, the Navy would appreciate such information in your response to this solicitation. Offerors are under no obligation to comply with this request and no compensation can be provided for doing so.

252.247-7022 Representation of Extent of Transportation by Sea. (AUG 1992)

- (a) The Offeror shall indicate by checking the appropriate blank in paragraph (b) of this provision whether transportation of supplies by sea is anticipated under the resultant contract. The term supplies is defined in the Transportation of Supplies by Sea clause of this solicitation.
- (b) "Representation." The Offeror represents that it --

52.215-1 Instructions to Offerors - Competitive Acquisition. (DEC 1999)

- (1) Mark the title page with the following legend: This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed in whole or in part for any purpose other than to evaluate this proposal. If, however, a contract is awarded to this offeror as a result of or in connection with the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets [insert numbers or other identification of sheets]; and
- 52.215-20 Requirements for Cost or Pricing Data or Information Other Than Cost or Pricing Data. (OCT 1997)
- (a) Exceptions from cost or pricing data.
- (1) In lieu of submitting cost or pricing data, offerors may submit a written request for exception by submitting the information described in the following subparagraphs. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted, and whether the price is fair and reasonable.
- (i) Identification of the law or regulation establishing the price offered. If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.
- (ii) Commercial item exception. For a commercial item exception, the offeror shall submit, at a minimum, information on prices at which the same item or similar items have previously been sold in the commercial market that is adequate for evaluating the reasonableness of the price for this acquisition. Such information may include—

- (A) For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the offered items, or a statement that the catalog is on file in the buying office to which the proposal is being submitted. Provide a copy or describe current discount policies and price lists (published or unpublished), e.g., wholesale, original equipment manufacturer, or reseller. Also explain the basis of each offered price and its relationship to the established catalog price, including how the proposed price relates to the price of recent sales in quantities similar to the proposed quantities;
- (B) For market-priced items, the source and date or period of the market quotation or other basis for market price, the base amount, and applicable discounts. In addition, describe the nature of the market;
- (C) For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item.
- (2) The offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access does not extend to cost or profit information or other data relevant solely to the offerors determination of the prices to be offered in the catalog or marketplace.
- (b) Requirements for cost or pricing data. If the offeror is not granted an exception from the requirement to submit cost or pricing data, the following applies:
- (1) The offeror shall prepare and submit cost or pricing data and supporting attachments in accordance with Table 15-2 of FAR 15.408.
- (2) As soon as practicable after agreement on price, but before contract award (except for unpriced actions such as letter contracts), the offeror shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.406-2

SELECTED COST DATA (TIME AND MATERIAL) (FEB 1997) (NSWCIHD)

To assist the Government in determining cost reasonableness/realism for this effort, it is required that you provide detailed cost information with your offer to make this determination. In preparing your cost proposal, it is essential that you breakout and identify separately for each year of the contract, the cost elements contained in your proposal. The following are examples of various cost elements which may be applicable.

- (a) DIRECT LABOR Identify, for each labor category and quantity of hours as set forth in Section B of this solicitation, the direct labor rate by category and total direct labor costs proposed for each year of the contract. Provide this information for the prime contractor's direct labor only. If a portion of the Direct Labor hours are to be subcontracted, appropriate subcontractor information shall be provided in accordance with the paragraph entitled "Subcontractor Direct Labor" below.
- (b) FRINGE BENEFITS If applicable and separately identified in accordance with your normal accounting procedures, identify the fringe benefit rate(s), the cost element(s) to which this rate is applied and total fringe benefit cost being proposed for each year of the contract.
- (c) OVERHEAD Identify the current and/or projected overhead rate(s), the cost element(s) to which this rate(s) is applied and total overhead cost being proposed for each year of this contract.
- (d) SUBCONTRACTOR DIRECT LABOR Identify (if applicable), any proposed subcontractor direct labor intended for use under this contract. Identify the labor categories as set forth in Section B and number of hours to be subcontracted by category for each year of the contract, the subcontractor's direct labor rate by category, and total direct labor costs proposed for each year of the contract. In addition, provide information regarding subcontractor fringe benefit, overhead, G&A , profit, etc. required by paragraphs (b), (c), (e), (f), and (h) of this provision.
- (e) GENERAL & ADMINISTRATIVE EXPENSE Identify the G&A rate(s), the cost element(s) to which this rate(s) is applied and the total G&A cost proposed for each year of this contract.
- (f) PROFIT Identify the profit amount, the cost elements to which profit has been applied and the total amount proposed for each year of this contract.

--	--

- (g) SUPPORT COSTS Identify and include the support costs which appear as not-to-exceed line items in Section B of the solicitation in your cost proposal. Support costs will be reimbursed at cost plus G&A (no profit) only.
- (h) OTHER Identify any other direct or indirect cost elements being proposed which are not included above but are applicable to your cost proposal. Indicate what cost elements are included in the calculation, the specific rates being applied, the cost elements to which they have been applied and the proposed costs for each year of this contract. In addition, provide the name, address and telephone number of the Defense Contract Audit Agency (DCAA) responsible for conducting the audits of prime contractor and subcontractor organizations.

SUBSTITUTION OF PREVIOUSLY APPROVED SINGLE PROCESS INITIATIVE (NAVSEA) (NOV 1996)

Your proposal shall identify where you are substituting your previously approved Single Process Initiative (SPI) processes for specified requirements. In addition, offerors should provide copies of executed SPI modifications to document that the previously approved SPI have been implemented by the Contract Administration Office on past or existing contracts.

NAME OF OFFEROR OR CONTRACTOR

SECTION L PROPOSAL REQUIREMENTS

I. DEFINITIONS

The following definitions pertain to this solicitation:

Contract - In the context of this RFP a contract is defined as "a promise or set of promises for the breach of which the law gives a remedy, or the performance of which the law in some way recognizes a duty, and to receive due compensation".

Offer - In the context of this RFP, the word "offer" is synonymous with "proposal", and means, "The promises made by an offeror to comply with the terms and conditions of the RFP".

Other Written Information - Information provided by the offeror in addition to the information submitted as part of the "offer", (e.g., cost and pricing information, experience, past performance/financial information, personnel resource matrix, facilities, etc.).

Offer Acceptability - An offer is acceptable when the offeror promises assent, without exception, to the terms and conditions, and statement of work presented in the RFP. Offer acceptability is a pass/fail factor.

Offeror Capability - An offeror's demonstrated ability to perform the type of work specified by the RFP which is a variable factor and subject to a scoring process.

Offeror's Submission - Three separate volumes containing Offer/Proposal, Offeror's Capability Information, and Cost and Price Information.

Offer's Submission Acceptability - Offeror's submission is determined to be acceptable when all volumes of information are provided. This includes the offer, offeror capability information and cost and price information.

Unacceptable Submissions - Any omission of any volume -- will receive a promised value of zero (0), and will not be eligible for award.

II. GENERAL INSTRUCTIONS

Each offeror must submit an offer (proposal) and other written information and may be required to make an oral presentation in strict accordance with these instructions.

When evaluating an offeror the Government will consider how well the offeror complied with both the letter and spirit of these instructions. The Government will consider any failure on the part of an offeror to comply with both the letter and spirit of these instructions to be an indication of the type of conduct it can expect during contract performance. Therefore, the Government encourages offerors to contact the Contracting Officer by telephone, facsimile transmission, mail, or e-mail in order to request an explanation of any aspect of these instructions. The offeror will be evaluated on the following factors, which are listed in descending order of importance:

Offeror Submission Offeror Capability Price or Estimated Cost and Fee

CONTINUATION SHEET REFERENCE NO. OF DOCUMENT BEING CONTINUED PAGE N00174-00-R-0019 PAGE 66 OF 75

NAME OF OFFEROR OR CONTRACTOR

Since an offeror's submission must be acceptable in order for an offeror to be eligible for contract award, and since the Government will evaluate acceptability on a pass or fail basis, acceptability of the offeror's submission is the most important evaluation factor. In deciding which of the acceptable offers is the best overall value, the Government will consider an offeror's capability to be significantly more important than price.

a. Offeror Submission

The Government will evaluate offeror's submission for acceptability on a pass or fail basis. The Government will consider a submission to be acceptable if it includes, without exception, Volume I-Offer, Volume II-Offeror Capability Information, and Volume III-Cost & Price Information, which shall be submitted in separate volumes. The Offeror shall submit the following:

Volume I - Offer/Proposal (2 copies)

Completion of blocks 12 through 18 of the SF33 by the offeror;

Section B CLIN prices or costs and fees inserted by the offeror;

Consent and agreement to the Statement of Work and all clauses applicable to each section and the ones with fill-ins completed by the offeror;

Sections A through K of the solicitation completed, all requested information provided and returned by the offeror in its entirety with no exceptions taken,

Acceptance via signature of all amendments.

Volume II - Offeror Capability Information (3 copies)
Experience Matrix and Supportive Narrative (not to exceed 15 pages)
Past Performance Matrix
Financial Stability Information
Personnel Resource Matrix and Key Personnel Summary (not to exceed 5 pages)
Facilities Information (not to exceed 5 pages)

Volume III - Cost and Price Information (2 copies)

The Government will consider any offer, (Volume I), that takes exception to any term or condition of the RFP, or that otherwise fails to manifest the offeror's unconditional assent to a term or condition, to be unacceptable, unless the RFP expressly provides that assent to the term or condition in question is not mandatory. Any unauthorized exception or failure will constitute a deficiency (see FAR 15.301). An offeror may eliminate a deficiency in its offer only through discussions, and if permitted by the Government.

The Government will consider any omission (Volume II and/or Volume III) to be unacceptable and such omission is not considered a deficiency in accordance with FAR 15.301. However, pursuant to FAR 15.306, exchanges of information with the offeror after receipt of proposals, may be permitted. The Government will assess the extent to which each offeror complied with the instructions in the RFP. The Government will consider any failure to comply with these instructions to be indicative of the kind of behavior that it could expect during contract performance and a lack of capability to perform satisfactorily. Volumes II and III constitute "other written information" and are not part of the Offer/Proposal, Volume I.

CONTINUATION SHEET REFERENCE NO. OF DOCUMENT BEING CONTINUED PAGE N00174-00-R-0019 PAGE 67 OF 75

NAME OF OFFEROR OR CONTRACTOR

Notwithstanding its plan to award without discussions, the Government reserves the right to conduct discussions with offerors in a competitive range, if necessary, and to permit such offerors to revise their offer/proposal. The Government also reserves the right to change any of the terms and conditions of the RFP by amendment at any time prior to contract award and to allow offerors to revise their offers accordingly, as authorized by FAR 15.206. The Government intends to award the contract on the basis of initial offers received, without discussions. Therefore, each offer should contain the offeror's best terms from a cost/price, capability and past performance standpoint. However, if considered necessary by the Contracting Officer, discussions will be conducted only with those offerors determined to have a reasonable chance for award.

b. Offeror Capability Information

(1) Experience

Experience is the opportunity to learn by doing. The offeror shall provide evidence that demonstrates, during the past three (3) years, the opportunity to learn about relevant work processes and procedures and about the nature, difficulties, uncertainties and risks associated with performing the kind of work that will be required under the prospective contract. The offeror shall identify Federal, state and local governments, and private contracts, (contract #, technical point of contact and address/telephone number) performed by them within the past three (3) years that were similar in nature to the requirements of this RFP. This shall include a list of all first tier subcontractors for each prime contract reference, and the name of their customer's customer for each subcontract reference. The information shall be submitted on the Experience Matrix, Attachment 1. A supportive narrative, as to the benefits gained from each contract/subcontract reference identified, shall be included with the Matrix. This should be a summary of the offeror's experience in each of the SOW task areas and shall discuss the direct relevancy to the SOW task areas. It shall not parrot the SOW task descriptions, as that is ineffective in supporting the offeror's claim of having gained experience in the given task area. This narrative shall not exceed 15 pages in total. The offeror may also provide information on problems encountered on the identified contracts and the corrective actions taken.

The offeror will not attribute to its experience, the individual experience of its current or prospective employees.

The offeror shall also specify to what extent subcontractors were involved in gaining related corporate experience, and their level of involvement with respect to scope of work, objective achieved, and personnel resources utilized, and how previous contracts relate to tasking under this effort.

(2) Past Performance/Financial Stability

Past performance is a measure of the degree to which an offeror, as an organization, has during the past three (3) years: (1) satisfied its customers, and (2) complies with federal, state, and local laws and regulations. The offeror shall provide a list of references using the Past Performance Matrix, (Attachment 2), who will be able to provide information regarding the offeror's past performance during the past three (3) years regarding: (1) the quality and timeliness of the offeror's work; (2) the reasonableness of its prices, costs, and claims; (3) the reasonableness of its business behavior -- its willingness to cooperate and helpfulness in solving problems; (4) its concern for the interests of its customers; and (5) its integrity.

The offeror will submit the Past Performance Questionnaire to each of the references listed on the Past Performance Matrix, a minimum of three (3) is required. The offeror should instruct the references to complete the Past Performance Questionnaire and return it directly to:

Naval Surface Warfare Center 101 Strauss Avenue Indian Head, MD 20640-5035 Attn: Michael Burch, Code 1141B, Bldg. 1558

CONTINUATION SHEET REFERENCE NO. OF DOCUMENT BEING CONTINUED PAGE N00174-00-R-0019 PAGE 68 OF 75

NAME OF OFFEROR OR CONTRACTOR

The offerors selected references must be listed on the Past Performance Matrix. Failure of the references to submit the Past performance Questionnaire to the contract specialist within the requested timeframe will result in the inability of the government to rank the offeror's past performance and will effect the overall Level Of Confidence (LOCAR) of the offeror's capability.

The offeror shall explain, if any, the role that subcontractor's have played in contributing to the successes and/or failures of the offeror and to what extent subcontractors performance has contributed to the past performance evaluation.

The offeror shall submit financial statements of their current fiscal year. Information shall include, as a minimum, balance sheet (statements of financial position) and statement of profit and loss (statement of net income). The information shall include crrent data regarding the general financial condition of the offeror and specific plans for financing the proposed contract. The Government does not intend to provide any financial assistance.

Offerors must either provide the above information or affirmatively state that it possesses no relevant, directly related, or similar past performance.

(3) Personnel Resources

The offeror shall demonstrate to what extent ALL of the proposed personnel meet the qualifications of their respective labor category referenced in Section C of the RFP by submitting current information about their work experience, education and whether the person is presently employed with the offeror, or whether they are proposed under a letter of intent. The offeror shall provide this information on the Personnel Resource Matrix (Attachment 3) for each person proposed for all of the "key" and non-key labor categories specified in Section C. The offeror shall identify in the Personnel Resource Matrix, whether the proposed personnel are employed with the prime contractor, or whether they are employed with a proposed subcontractor. The offeror shall also indicate how the proposed mix of prime and subcontractor labor may impact the offeror's ability to manage and control the work efforts. The Government will evaluate the information provided in the Personnel Resource Matrix for each labor category identified in Section C to determine the acceptability of ALL the proposed resources.

In addition to the Personnel Resource Matrix, the offeror shall submit a Key Personnel Summary for each "key" labor category identified in Section C. The Key Personnel Summary shall describe the specific experience and specialized qualifications of only the proposed individuals in a "key" labor category. The Key Personnel Summary shall not exceed five (5) pages in total and shall provide historical data (work opportunities, assignments, etc.) that demonstrate specific experience and specialized qualifications of each person proposed as "key". The Key Personnel Summary shall NOT: (1) parrot the Personnel Qualifications listed in Section C, (2) include non-key labor categories, or (3) resemble a resume.

NAME OF OFFEROR OR CONTRACTOR

Facilities

The offeror shall identify the proposed facilities to be utilized for the "on-site" repair efforts required by this contract including the square footage dedicated for the efforts and the specific equipment located at the facility(s) which will be utilized to support the function. Contingencies shall be identified. Included shall be the square footage dedicated for the efforts and the specific equipment located at the facility(s), which will be utilized to support the function. In addition, the contractor shall attest to the adequacy of these facilities and equipment to provide supportive documentation and drawings. Proof of ownership/lease of proposed facilities should be provided through copies of ownership/leasing documentation. Documentation shall include a long-range plan exhibiting that the contractor intends to maintain facilities/equipment for the duration of the contract. This shall not exceed 5 pages (exclusive of any lease agreements).

If any of the listed facilities or equipment is contingent on this contract award, it shall be so indicated.

c. Cost/Price Information

The cost/price information shall include a complete cost breakdown with all supporting information stating the basis for the amount of each cost element, in accordance with Public Law 87-653, and use of rates including overhead, G&A, Fee, etc. Unloaded/unburdened labor rates shall be provided. The proposal shall clearly show individual rates and indicate that the application of such rates to the selected base is in accordance with offeror's approved accounting practices. Each offeror shall fully explain the basis for the amount of each cost element and how the amount was developed providing complete justification for use in determining the proposed costs fair and reasonable.

Offerors are required to submit subcontractor cost and pricing information (if applicable) with supporting attachments under separate cover if necessary.

If the offeror is currently being audited or has been audited in the past by the Defense Contract Audit Agency (DCAA), the offeror shall furnish the name and location and point of contact of the assigned DCAA office as part of the price/cost information.

NAME OF OFFEROR OR CONTRACTOR

SECTION M - EVALUATION FACTORS FOR AWARD

52.217-5 Evaluation of Options.

JUL 1990

I. DEFINITIONS

The following definitions pertain to evaluation methodology to be used for this solicitation:

Promised Value - The score an acceptable offer receives. Offers are scored on a pass/fail basis. Therefore an acceptable offer is worth a score of 100. An unacceptable offer is worth zero (0).

Offeror Capability Evaluation Factors - Distinguishing attributes (experience, personnel resources, and capacity of facilities and equipment) and record of performance data which provide an indication of the offeror's ability and willingness to keep it's promises of the offer.

Level of Confidence Assessment - An agency's subjective assessment of the likelihood that an offeror will perform successfully, which is determined on the basis of the offeror's evaluated capability.

Level of Confidence Assessment Rating (LOCAR) - This is a rating assigned by the EP to each offeror's capability assessment. A LOCAR of 0 to 1.0 shall signify the EP's level of confidence in each offeror's prospects for success, based on its experience, past performance, personnel qualifications, and oral presentation (if applicable). A score of .95 to 1.0 signifies most confidence. A score of .6 to .94 signifies more confidence. A score of .0 to 4 indicates a belief that failure is more likely than success. A score of .5 signifies that the EP believes that success and failure are equally likely, (i.e. 50/50 chance of success). The score of .5 is appropriate when the EP has no basis for believing in either success or failure. See Table I herein for an example.

Cost Realism Determination - The process of analyzing an offeror's proposed estimated cost, which can reasonably be expected to be incurred in performance of the contract in accordance with his offer.

Expected Value - That score derived by the EP when multiplying the Acceptable Offer score (100 pts.) by the LOCAR %. (example: an Acceptable Offer always receives 100 points). The Level of Confidence Rating 0 -1.0 signifies the EP's level of confidence in success, thus a LOCAR of .6 would produce an expected value score of 60 points, [100 x .6 = 60]). This process adjusts the value of the offeror's promises on the basis of the EP's level of confidence in the offeror. This score reflects what the agency expects from the offeror, based on its capability. See Table 2 herein for an example.

Best Overall Value - That determination derived through the trading off of expected value and price in order to rank the offers and identify the offeror whom represents the "best overall value". The Government will make a series of paired comparisons among the offerors. If, in any comparison of any two offerors, one offeror has both the higher expected value and the lower price, then that offeror is the best overall value. If the offeror with the higher expected value also has the higher price, then the BOVAB must decide whether the margin of higher expected value (i.e., greater prospects for success) is worth the higher price. The best overall value decision should be fully documented in terms of differences in experience, past performance/financial, qualifications of personnel, and facilities). See Table 2 for a depiction of this process.

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED N00174-00-R-0019	PAGE 71	OF	75	

GENERAL INFORMATION

The Government will award the contract to the offeror representing the best overall value. The Government will determine best overall value on the basis of the following factors (in descending order of importance):

- (1) Offeror Submission
- (2) Offeror Capability
- (3) Price or Estimated Cost and Fee

Since an offeror's submission must be acceptable in order for an offeror to be eligible for contract award, and since the Government will evaluate acceptability on a pass or fail basis, acceptability of the offeror's submission is the most important evaluation factor. In deciding which of the acceptable offers is the best overall value, the Government will consider an offeror's capability to be significantly more important than price. The capability sub-factors are listed in descending order of importance.

FACTORS	WEIGHTING
(1) Experience	Most Important
(2) Past Performance/Financial Stability	2 nd Most Important
(3) Personnel Resources	3 rd Most Important
(4) Facilities	4 th Most Important

a. Offeror Submission

The Government will evaluate offeror's submission for acceptability on a pass or fail basis. The Government will consider a submission to be acceptable if it includes, without exception, Volume I-Offer, Volume II-Offeror Capability Information, and Volume III-Cost & Price Information, which shall be submitted in separate volumes.

Upon receipt of the submissions, acceptability shall be documented. Assessment or evaluation of an offeror's capability information shall only be conducted after their submission is determined to be acceptable. Submissions determined to be unacceptable shall be excluded from further consideration unless the Contracting Officer makes a determination that the proposal can be made acceptable and it is in the Government's best interest to hold discussions.

The Government will consider any offer, (Volume I), that takes exception to any term or condition of the RFP, or that otherwise fails to manifest the offeror's unconditional assent to a term or condition, to be unacceptable, unless the RFP expressly provides that assent to the term or condition in question is not mandatory. Any unauthorized exception or failure will constitute a deficiency (see FAR 15.301). An offeror may eliminate a deficiency in its offer only through discussions.

The Government will consider any omission (Volume II and/or Volume III) to be unacceptable and such omission is not considered a deficiency in accordance with FAR 15.301. Volumes II and III constitute "other written information" and are not part of the Offer/Proposal, Volume I. However, pursuant to FAR 15.306, exchanges of information with the offeror after receipt of proposals, may be permitted. The Government will assess the extent to which each offeror complied with the instructions in the RFP. The Government will consider any failure to comply with these instructions to be indicative of the kind of behavior that it could expect during contract performance and a lack of capability to perform satisfactorily.

CONTINUATION SHEET REFERENCE NO. OF DOCUMENT BEING CONTINUED PAGE N00174-00-R-0019 PAGE 72 OF 75

NAME OF OFFEROR OR CONTRACTOR

Notwithstanding its plan to award without discussions, the Government reserves the right to conduct discussions with offerors in a competitive range, if necessary, and to permit such offerors to revise their offer/proposal. The Government also reserves the right to change any of the terms and conditions of the RFP by amendment at any time prior to contract award and to allow offerors to revise their offers accordingly, as authorized by FAR 15.206. The Government intends to award the contract on the basis of initial offers received, without discussions. Therefore, each offer should contain the offeror's best terms from a cost/price, capability and past performance standpoint. However, if considered necessary by the Contracting Officer, discussions will be conducted only with those offerors determined to have a reasonable chance for award.

b. Offeror Capability Information

(1) Experience

Experience is the opportunity to learn by doing. The Government will assess each offeror's work records to determine whether, during the past (3) years, the offeror has had the opportunity to learn about relevant work processes and procedures and about the nature, difficulties and uncertainties associated with performing the work that will be required under the prospective contract. The Government will try to determine how many opportunities an offeror has had, as a business entity, to carry out those processes and procedures and to cope with those difficulties and uncertainties.

The Government will evaluate the benefits gained from each contract/subcontract reference identified and the offeror's experience as it relates to each of the SOW task areas and its direct relevancy to the SOW task areas. The Government will assess whether or not the offeror has simply parroted the SOW task descriptions, or whether distinct, relevant information has been provided.

The Government will not attribute to an offeror the individual experience of the offeror's current or prospective employees. The Government will also assess to what extent subcontractors were involved in gaining related corporate experience, and their level of involvement with respect to scope of work, objective achieved, and personnel resources utilized, and how previous contracts relate to tasking under this effort.

(2) Past Performance/Financial Stability

a. Past Performance is a measure of the degree to which an offeror, as an organization, has, during the past three (3) years; (1) satisfied its customers, and (2) complies with federal, state, and local laws and regulations. The Government will inquire about: (1) the quality and timeliness of the offeror's work; (2) the reasonableness of its prices, costs, and claims; (3) the reasonableness of its business behavior -- its willingness to cooperate and helpfulness in solving problems; (4) its concern for the interests of its customers; and (5) its integrity. In the investigation of an offeror's past performance the Government will contact former customers and Government agencies, and other private and public sources of information. The offeror's reference information must be current to facilitate the evaluation process. Failure of the offeror's references to respond within the timeframe required will result in the inability of the Government to rank the offeror's past performance and will effect the overall Level Of Confidence Assessment Rating (LOCAR) of the offeror's capability.

The Government will also assess the role that subcontractors have played in contributing to the successes and/or failures of the offeror and to what extent subcontractors' performance has contributed to the past performance evaluation.

NAME OF OFFEROR OR CONTRACTOR

b. The Government will evaluate each offeror's financial stability. Various methods shall be used to assess standard liquidity activity, debt, and profitability ratios. The Government shall review contractor submission of Profit and Loss Statement for the last complete fiscal year. The Government will evaluate the general financial condition of the offeror and it's specific plans for financing the proposed contract.

(3) Personnel Resources

The Government will evaluate the personnel to assess to what extent the proposed personnel meet the qualifications of their respective labor category referenced in Section C of the RFP. In doing so, the Government will review their work experience, education and whether the person is presently employed with the offeror, or whether they are proposed under a letter of intent. The Government will evaluate the information provided in the Personnel Resource Matrix, Attachment (3), for each labor category identified in Section C, to determine the acceptability of ALL the proposed resources. In addition to the Personnel Resource Matrix, the Government will evaluate the Key Personnel Summary for each key labor category to assess relevant experience, etc. as required by Section C. The Key Personnel Summary shall describe the specific experience and specialized qualifications of only the proposed individuals in a "key" labor category. The summary shall NOT: (1) parrot the Personnel Qualifications listed in Section C, (2) include non-key labor categories, or (3) resemble a resume.

In addition to the information provided in the Matrix, the Government shall evaluate whether the proposed personnel are employed with the prime contractor, or whether they are employed with a proposed subcontractor. The Government will assess the mix of prime and subcontracted labor and the impact it has on the prime contractor's ability to directly manage and control the work efforts.

(4) Facilities

The Government will evaluate the proposed facilities to be utilized for the "on-site" repair efforts required by this contract including the square footage dedicated for the efforts and the specific equipment located at the facility(s) which will be utilized to support the function. Contingencies shall be evaluated to the extent proposed. Included shall be the square footage dedicated for the efforts and the specific equipment located at the facility(s), which will be utilized to support the function. In addition, the contractor shall attest to the adequacy of these facilities and equipment to provide supportive documentation and drawings. Proof of ownership/lease of proposed facilities should be provided through copies of ownership/leasing documentation. Documentation shall include a long-range plan exhibiting that the contractor intends to maintain facilities/equipment for the duration of the contract. This shall not exceed 5 pages (exclusive of any lease agreements).

If any of the listed facilities or equipment is contingent on this contract award, it shall be so indicated.

c. Cost/Price Information

Although price is not the most important evaluation factor, it will not be ignored. In evaluating cost type offers, realism of the offeror's estimated cost will be considered. "Realism of Estimated Cost" 'is determined by reference to be the costs which the offeror can reasonably be expected to incur in performance of the contract in accordance with his offer. Unrealistic personnel compensation rates will be considered in the cost realism analysis and may be considered in the capability analysis, which could reduce the Personnel Resources rating. The purpose of this evaluation shall be (1) to verify the offeror's understanding of the requirements; and (2) to assess the degree to which the cost/price proposal reflects the offeror's understanding of the work and the resources necessary to perform the work. Proposed costs may be adjusted for purposes of evaluation, based upon the results of the cost realism evaluation. When cost realism is performed, the resulting realistic cost estimate shall be used in the evaluation of cost.

III. SCORING PROCESS

(1) A Level of Confidence Assessment Rating (LOCAR) will be assigned to each offeror's capability, (including experience, past performance/financial stability, personnel resources, and facilities). The following is the scale for the LOCAR:

Less Confident (0 -.4) (Less likely to succeed).

More Confident (.6 -.94) (More likely to succeed).

Most Confident (.95 - 1.0) (Most likely to succeed).

Neutral (.5) Indicates that the EP believes that success and failure are equally likely, that is, that the offeror has a 50/50 chance of success. The score of .5 is appropriate when the EP has no basis for believing in either success or failure.

The following Table is an example of the scoring process for the Offeror Capability Evaluation:

Table 1 Offeror Capability/LOCAR Determination

Offeror	Experience	Past Performance/		Personnel	Facilities	LOCAR
		Financial Stability		Resources		
A	Excellent	Good	Excellent	Excellent	Good	.95
В	Good	Good	Good	Excellent	Good	.8
С	None	Good	Poor	Good	Poor	.4
*D						none

^{*}Offeror D's submission is unacceptable. Therefore further evaluation is not required since the offeror receives a promised value of zero (0) as noted in the Expected Value Table, 2 below.

(2) Level of Confidence and Expected Value - The Government will determine its level of confidence in each acceptable offeror on the basis of its evaluation of the offeror's capability. Level of confidence will be a subjective rating which will reflect the degree to which the Government believes that an offeror is likely to keep the promises it made in its offer. The Government will use this rating in order to determine the relative expected value of each offeror's promises.

NAME OF OFFEROR OR CONTRACTOR

The following Table 2 is an example of the scoring process used to determine Expected Value:

Table 2 Expected Value Determination

Offeror	Offeror	X	LOCAR	Expected Value	Price
	Acceptability				
	(Promised Value)				
A	100 points	X	.95	95%	\$52m
В	100 points	X	.8	80%	\$49m
С	100 points	X	.4	40%	\$56m
D	*0	X	none	0%	\$54m

^{*}Offeror D is unacceptable and therefore receives a promised value of zero (0).

(3) Determining Best Overall Value - In order to determine which offeror represents the best overall value, the Government will make a series of paired comparisons among the offerors. If, in any paired comparison, of any two offerors, one offeror has both a higher expected value and has the lower price, then that offeror is the best overall value. If the offeror has the higher expected value and the higher price, then the Government must decide whether the margin of higher expected value (i.e. greater prospects for success) is worth the higher price. The Government will continue to make paired comparisons in this way until an offeror representing the best overall value is identified. In the example depicted in the Expected Value Table 2 above, the Government may choose to award to either Offeror A, or B, but would most likely make a single award to Offeror A, (being determined the Best Overall Value to the Government).
